

For My Sweetest Flower

Roses are Red,
Violets are Blue,
Your melody is the sweetest,
And so are you.

Orchids are white,
Ghost ones are rare,
Yellow is golden,
And so is your hair.

Sunflowers reach,
Up to the skies,
The stars are sparkling,
And so are your eyes.

Foxgloves in hedges,
Surround the farms,
Arrival is safe,
And so are your arms.

Daisies are pretty,
Daffies have style,
Your welcome is warm,
And so is your smile.

A flower is beautiful,
Just like you.

Spring

Graceful creatures fluttering in the wind,
Coming back when the cold season ends.

They do their job to pollinate the flowers,
Spreading joy is their power.

Flowers in bloom,
Spreading color all around,
Popping up,
From the ground.

I hear the birds in the sky,
And I look up to say goodbye.

Escape

Running all day,
Running all night,
No matter where I go,
I can't escape your sight.
You'll snatch me up when you get the chance,
But I'm sure soon I will be on your grave,
And dance.

Midnight Love

I can't wait for the days when we're together,
Baking cookies like it's now or never.

With each arm you place around me,
Dancing around til it's 90 degrees.

Ding! Ding! Ding!
The cookies are done!
Who knew this could be so fun?

But soon it's time to go,
When I looked outside it began to snow.

Baking cookies like it's now or never
Soon we'll be back together.

Fields of Fruit

Strawberries, kiwis, and bananas galore,
I cannot wait to come back for more!

Each fruit comes with a new sensation,
I can't wait to come back to the next destination.

The fields are as far as I can see,
Picking them all til my hands bleed.

But when I look farther across the yard,
I noticed something hidden under the chard.

Something red and pink,
Making me think of my friend Zink.

I haven't seen him in a while,
But soon I turned and smelled something vile.
